

External Support

Entrusting your clients to professional advisors.

There are times when you may need to refer a client to another firm, often due to issues over independence or a potential conflict. **We pride ourselves on delivering the highest levels of service and have a reputation of being reliable and technically proficient.**

You can rest assured that your client will have access to a committed team of experts and full suite of services. We will work as an extension of your business and either directly or indirectly with your clients, whichever you prefer. To give you peace of mind, we also have in place a 'no-poaching' policy and naturally, reciprocation of referrals will be on our minds when the opportunity arises.

If you have a client that is looking to buy, sell or raise funds, our deal advisory team can provide market-leading advice and insights to ensure successful outcomes are achieved.

We can provide domestic and international advice in respect of direct and indirect taxes, including: personal and corporate income tax, capital gains tax, inheritance tax, VAT and stamp duty.

Shared Assignments

Our team work to IFRS and UK GAAP standards and are experienced in dealing with complex and unusual accounting matters.
